

Permission to Publish Attachment B

Dear Parent/Guardian

As part of a class project, our students are developing and will be publishing a web page on the Internet. Publishing a web page is similar to publishing a newspaper with text and pictures. As part of the web page, your child's picture (only with other children) and name (first name only) along with writing or projects could appear on the Internet.

Please indicate below if you give permission for your child's photograph, first name and any writings, projects or artwork that we feel will enhance our web page to be published on the Internet. This is not a requirement, so your child's grade will not be affected either way.

If you have any additional questions regarding this letter, please feel free to call me at the school.

Sincerely,
David Ely
