

Programming, Databases and Website Development
Signature Form

I have read and understand the following and agree to abide by them.

Textbook policy

I approve of my son or daughter borrowing any of the textbooks used in class for use at home. I understand that if my son or daughter checks a book out it will be due back the next day unless previous arrangements have been made. I understand that the book may be renewed, dependent on availability. The renewal process may continue as long as the book is available and the student returns it to school every day. I also understand that my son or daughter and I are responsible for the replacement cost of the book(s) if not returned by the end of the term in which it was loaned.
